Digital Deta, is a dynamic digital marketing company. Specializing in a wide spectrum of services including web design, app development, social media marketing, SEO, content marketing, PPC, and lead generation.

#### Achievements/Tasks

- Working as a MERN stack Developer
- In my career, I've had the privilege of working on two live projects that leveraged the power of React technology. These experiences have not only honed my technical skills but also instilled in me the importance of collaboration and adaptability in dynamic project environments.

## LIVE PROJECTS

### Wassho.in

The project is Based On React Js, Express JS & MongoDB DataBase.

08/2023 - 10/2023

#### Project Description :

- Waasho, a premier Waterless Carwash Company, had a vision: redefine automotive care with a sustainable touch. We stepped up by crafting their website in React, creating a cutting-edge booking system that's a lead magnet, and shouting out loud, "Say Goodbye to Wasting Water!" Our waterless tech not only preserves gallons but leaves vehicles gleaming without harming the planet.

### Slaywithus.com
